SCHEDULED CONSTRUCTION AND MAINTENANCE WORK ***CULPEPER DISTRICT: Oct. 19 - 23, 2009***

CULPEPER — The following highway work is scheduled, weather permitting, in the Culpeper District during the upcoming week. Traffic movements may be restricted and speed limits reduced in work zones. *Items in italics contain new or updated information.*

Albemarle County

Route 29 from Route 708 to Interstate 64 – Paving operation with one northbound lane closed during daylight hours. Motorists should expect signs advising of lane closures and the traffic pattern as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Route 743 – Advance Mills bridge. Closed at South Fork Rivanna River for replacement of the truss bridge. Detour route is posted.

Route 20 and Route 53 intersection – Paving operation with alternate lane closures. Motorists should expect signs advising of lane closures and the traffic pattern as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Route 614 bridge over Moormans River– Roadway closure for bridge replacement from Route 810 to Route 674. Motorists should expect signs advising of detour and the traffic pattern changes as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Route 673 (Slam Gate Road) – Roadway closure for pipe replacement from Route 674 to Route 672. Motorists should expect signs advising of detour and the traffic pattern changes as they approach the work zone and be alert for equipment and workers moving in and out of the work zone.

Culpeper County

Route 229 from Duke Street to Route 684– Widening from two lanes to four lanes. Motorists should be alert for signs and traffic controls as they approach the work zone. Lane closures possible.

Route 522 from Griffinsburg to Rappahannock County line – Milling and paving during daylight hours. Alternating lane closures with traffic controlled by flaggers and pilot truck. Motorists should be alert for signs and traffic controls as they approach the work zone. Expect brief delays.

Fauquier County

Interstate 66 (milepost 26 to 20 westbound) – *Guardrail replacement and shoulder improvements, 7 a.m. to 3 p.m., Monday through Friday.* Alternating left and right lane closures, motorists should expect congestion and brief delays. Motorists should be alert for signs and traffic controls as they approach the work zone.

Route 605 (Dumfries Road) – Roadway improvements at the intersection of Route 674 (Atlee Road). Lane closures and delays expected between 7 a.m. and 5 p.m. Motorists should be alert for signs and traffic controls as they approach the work zone.

Route 17 south bypass to Route 29/17 Bus– Milling and paving southbound lanes. Traffic will be restricted through the work zone, motorists should be alert for equipment and workers near the travel lane.

Route 28 from Route 17 to Route 649 – Milling and paving, 7 p.m. to 4 a.m. Traffic will be restricted through the work zone, motorists should be alert for equipment and workers near the travel lane.

Interstate 66 and Route 17 – *Traffic expected from Gold Cup Oct. 17. Motorist should be alert for message boards as they approach the event. Brief delays are likely.*

Louisa County

Route 15 from intersection of Route 15/22 to 2 miles north of 22 – *Paving during daylight hours. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.*

Madison County

Route 29 southbound from Route 230 to Route 29 Bus – Paving during daylight hours. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Route 29 northbound from Route 230 to Route 9731 – Paving during daylight hours. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Route 29 northbound from Greene County line to 1.8 mi. north of Route 621 – Milling and paving during daylight hours. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Route 231 from Route 670 to Rappahannock County line – Final paving, striping and shoulder stone placement. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Route 231 from Route 620 to Orange County line – Paving, striping and shoulder stone placement. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Route 230 from 1/3 mi. east of Route 685 to Route 15 – Paving, striping and shoulder stone placement. Motorists should be alert for signs and traffic controls as they approach the work zone. Brief delays are likely due to lane restrictions.

Route 642 from Route 231 to 701 – Road widening project. Motorists should be alert for signs and traffic controls as they approach the work zone. Lane closures and traffic restrictions are possible.
